| Week commencing     | Topic                                                                                              | Code | R | A | G |
|---------------------|----------------------------------------------------------------------------------------------------|------|---|---|---|
| 05/01/25            | Ordering positive integers                                                                         | U600 |   |   |   |
|                     | Algebraic notation                                                                                 | U613 |   |   |   |
| 12/01/25            | Collecting data, frequency tables                                                                  | U120 |   |   |   |
|                     | Ordering negative integers                                                                         | U947 |   |   |   |
| 19/01/25            | Simplifying ratios                                                                                 | U687 |   |   |   |
|                     | Collecting like terms                                                                              | U105 |   |   |   |
| 26/01/25            | Ordering decimals                                                                                  | U435 |   |   |   |
|                     | Points and lines                                                                                   | U121 |   |   |   |
| 02/02/25            | Ordering fractions                                                                                 | U746 |   |   |   |
|                     | Multiplying and dividing algebra                                                                   | U103 |   |   |   |
| 09/02/25<br>(PPE 2) | Angle on a line and around a point                                                                 | U390 |   |   |   |
|                     | Add and subtract positive integers                                                                 | U417 |   |   |   |
| 16/02/25            | Half Term – Independent Study<br>– Refer to your RAG Feedback Sheets from the November Mocks       |      |   |   |   |
| 23/02/25<br>(PPE 2) | Multiply positive integers                                                                         | U127 |   |   |   |
|                     | Bar charts – draw                                                                                  | U363 |   |   |   |
| 02/03/25            | Substitution                                                                                       | U201 |   |   |   |
|                     | Bar charts – interpret                                                                             | U557 |   |   |   |
| 09/03/25            | Angles on parallel lines                                                                           | U826 |   |   |   |
|                     | Add and subtract negative integers                                                                 | U742 |   |   |   |
| 16/03/25            | Angles in a triangle                                                                               | U628 |   |   |   |
|                     | Dividing in a ratio                                                                                | U577 |   |   |   |
| 23/03/25            | Divide positive integers                                                                           | U453 |   |   |   |
|                     | Angles in polygons                                                                                 | U427 |   |   |   |
| 30/03/25            | Multiply and divide negative numbers                                                               | U548 |   |   |   |
|                     | Translations                                                                                       | U196 |   |   |   |
| 06/04/25            | Easter Holidays – Independent Study<br>– Refer to your RAG Feedback Sheets from the February Mocks |      |   |   |   |
| 13/04/25            |                                                                                                    |      |   |   |   |
| 20/04/25            | Addition and subtraction of decimals                                                               | U478 |   |   |   |
|                     | Reflections                                                                                        | U799 |   |   |   |
| 27/04/25            | Order of operations                                                                                | U976 |   |   |   |
|                     | Addition and subtraction of fractions                                                              | U736 |   |   |   |
| 04/05/25            | Expanding single brackets                                                                          | U179 |   |   |   |
|                     | Rotations                                                                                          | U696 |   |   |   |
